RATIONING: Teddy Lauman Recommends Precautions Against Losing Vital Books

Five number 2 War Ration Books were turned in to the local board today by a truck driver who found them in the street, Teddy Lauman, chairman of the board, said today. There were no names or addresses on the books. The only way to locate the owners, Lauman said, is to notify the board named on the lost books, and wait for the owners to announce their loss.

If ration book holders would remember to write their names and addresses on their books, they would save themselves a good deal of grief, according to Lauman. "People don't appreciate their ration books until they've lost them," Lauman said. After a book is lost, a waiting period from 30 to 60 days is usually necessary, and sometimes board members find it "almost heart-rending," Lauman said, not to be able to help more rapidly. He told of a recent case in which a woman traveling with a young baby lost her ration books when her suit-case was stolen. Best the board could do was to issue new stamps after a 10-day wait. During that time, the suit-case was recovered, but it meant some difficult moments for the mother whose baby was on a diet of rationed food.

Moral of this story, says Lauman, is that it pays to take care of a ration book. "They ought to be guarded just like $10 bills," Lauman said. "Not many people go around losing $10 bills."

One way of doing away with a ration book, the chairman told, is to run it through the washing machine with the laundry. This happens occasionally.

Not many fakes have tried to secure extra books by claiming to have lost their own, Lauman stated today. To get a new book, the applicant must first report loss of his book to the police, then sign an affidavit telling of the loss, and get signatures of three character witnesses. It's too difficult a job.

Protection Course Set at Stanford

A "Technique of Protection Course" covering procedures for protection in blackouts, gas attacks and other emergencies will be given at Stanford University from June 20 to June 25, Redwood City civilian defense headquarters said today.

Residents interested in taking the course must be certified through Redwood City CD office by today.

Graduates of the course will train local defense volunteers in the procedures learned.

The 54 billion passenger-miles traveled by Americans on trains in 1942 was an all-time high.

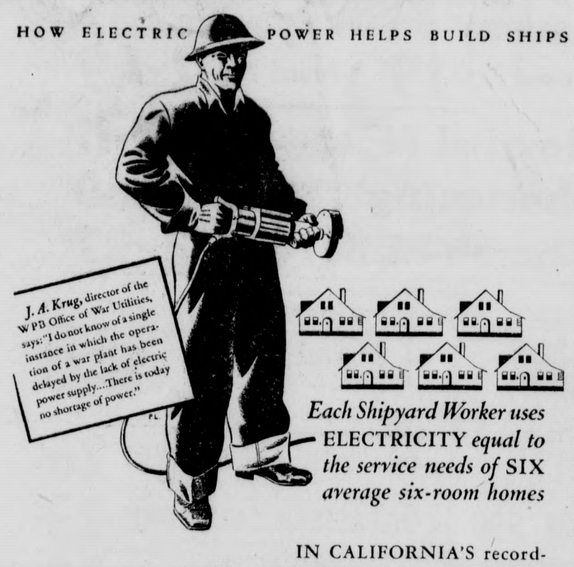
Montanan Purchases Duane Apartments

In an $85,000 real estate transaction, Dave Yorath, capitalist, of Butte, Mont., has purchased the Duane Apartments at 1 Duane St., from Progress Lumber Co. William Gross, associated with Walter Realty Co., handled the transaction and said Yorath plans to move to Redwood City in about a year to take over management of the property. Meanwhile Mary Starr Gross will continue as manager.

The apartments were formerly owned by Fire Chief Mark E. Ryan.

The deed to the new owner was recorded at request of San Mateo County Title Co.

HOW ELECTRIC POWER HELPS BUILD SHIPS



Each Shipyard Worker uses ELECTRICITY *equal to the service needs of* SIX *average six-room homes*

IN CALIFORNIA'S record-breaking shipyards the manpower production of skilled hands is multiplied manifold by the extensive use of electricity.

Electric energy in the hands of each shipyard worker is sufficient to provide complete electric service for six average six room homes. It is equal to the strength of 2½ horses working steadily eight hours.

Other war industries are also requiring more and more power service. Electric power demands have reached new peaks.

To meet the 1942 peak power demand, more than 300,000 horsepower of generating capacity was added to our interconnected system.

To speed war work in 1943, additional power plants now being rushed to completion will add another 300,000 horsepower of capacity during this year and that also will be fully employed in the all-out war effort.

To keep California "power-full in production" and to meet the new demands of an all-out fighting war is the determination of this company's 12,000 employees. It is their pledge to the more than 2100 P. G. and E. men and women in the armed forces in all parts of the world.

Congressman Accuses Hook, Dillon

Rep. John Z. Anderson, congressman from this district, has accused two labor leaders, Harry Hook and E. F. Dillon, of "outright treason" in a work stoppage at National Motor Bearing Co. in Redwood City which he maintained they had continued in defiance to a War Labor Board order.

Anderson told the House that the labor leaders had threatened machinists at the vital was plant with dismissal from Lodge 68, International Association of Machinists, if they obeyed the WLB order directing them to return to work.

"Contending that the international organization of machinists had "little or no control" over Hook and Dillon, business agents for Lodge 68, Anderson declared he had a signed affidavit from one worker, R. F. Tuttle of Redwood City, who was dismissed from the union because he had returned to work.

The affidavit showed, Anderson said, that Dillon had informed Tuttle he considered it a "poor attitude" to place his country before his union.

The union's proposal for an automatic wage increase in ratio to the increase in the cost of living index, Anderson explained, had been rejected by the company under the President's wage freeze order and under a WLB ruling.

"In spite of the fact that a conciliator was appointed," Anderson continued, "Hook and Dillon posted notices to the machinists that they were not to report for work May 17."

Following certification of the case by the Department of Labor to WLB, he added, the WLB found a strike existed and directed immediate return of workers to their jobs in a telegram sent June 9.

Of the 40 machinists who walked out May 17, a number returned under a temporary restraining order issued May 26 by Judge Maxwell McNutt in superior court at Redwood City. The judge later dissolved his order.

The WLB telegram promised the workers every protection at its disposal if they returned to their jobs to maintain production of vital oil seals and laminated shims for planes, ships, tanks and other war essentials.

Quoting from a reply sent the WLB by Dillon & Hook, Anderson said they contended a strike did not exist and that they could not accede to the government's request because they considered the National Motor Bearing Co. unjustified in refusing to sign a contract identical with those observed by 182 other employers within the jurisdiction of their union.

"Such actions," declared Anderson, "can be called by no other name than outright treason."

S.C. To See Defense Films

SAN CARLOS—Actual fighting will be shown in the film, "Battle for Tunisia," at the city hall tonight, Mrs. Edna Mitchell, civilian defense personnel director, announced.

Two other pictures, "Swim and Live," and "Orchids," a color film, will be given on the hour program, beginning at 8 p.m. The program is open to the public free of charge.

The next citywide defense drill to be held June 29 will involve dists. 3, 4, 6, 7, 8, and 11.

New fire equipment to be loaned the local fire department by the federal government for the duration has been assigned to San Carlos and arrival is expected soon, according to A. H. Sagehorn, civilian defense commander-in-chief.

Several kinds of pumps, protective wearing apparel and helmets are included in the paraphernalia for San Carlos.

Fifty wooden noise makers, made by prisoners at San Quentin, have arrived and will be distributed to air raid wardens, S. A. Day, chief warden, announced. The noise gadgets will be used by wardens to warn of gas raids.

SAVE, SERVE, CONSERVE!

MENLO PARK: Planners Study Budget for Streets

MENLO PARK — The streets and sidewalks budget was submitted to members of the Menlo Park Planning Commission as they met this week. They tabled until next meeting a motion to create a street commission.

Submitted by William F. Cutter, commissioner of streets and sidewalks, the budget calls for $8175 from the city's funds. Last year $5500 was appropriated. The budget will go to the city council at its next meeting.

The motion to create the street commission, made by Cecil Baxter, would set up a body of five men—street superintendent, city engineer, and three qualified members. James T. O'Keefe Jr., city attorney, was delegated to investigate the powers which can be given such a body. He will make his report to each planning commission member individually so that action may be taken at the next meeting.

Only definite action taken at the meeting last night was the approval of an ordinance to rezone Felton Gables. If this passes the city council, the tract will be changed from a B zone to an AAA zone. The council will act on it at the next meeting.

At the conclusion of the meeting Baxter submitted his resignation. It will be presented to the city council.

E. F. Kenney Injured In Action

Mr. and Mrs. Frank Kenney, Box 304D, Sixth Ave., North Fair Oaks, today had received word that their son, PFC Edward F. Kenney, 27, had been injured in action.

A telegram from the adjutant general stated that Kenney, who entered the army in April, 1941, "was slightly wounded in action on May 24 in North American area. You will be advised as reports of condition are received."

Kenney, who had been stationed at Fort Ord until a short time ago, was a scout commando. His parents had not heard from him since he was transferred. Kenney was employed by the Southern Pacific Co. in San Francisco seven years before entering the army and lived with his parents at North Fair Oaks.

He attended grammar school in Redwood City and graduated from Mission High School in San Francisco. He formerly led an orchestra in Redwood City.

W. H. Augustus To Receive Flag

Flag Day will be observed at the courthouse this afternoon when Capt. H. J. Reilly Camp 14, United Spanish War Veterans, presents a service flag to County Clerk W. H. Augustus.

Augustus said the flag would be accepted and dedicated to the memory of the heroes of 1898.

The presentation is to be made by Jack Dempsey, past commander of the camp. Augustus will make the speech of acceptance.

Army Mishap Ends Life Of R.C. Man

News of the death of his son, Fred J. Sepulveda, was received Tuesday by Victor M. Sepulveda, 2142 El Camino Real, in a telegram from San Diego, stating, "I deeply regret to inform you of the death of your son, Pvt. Fred J. Sepulveda, at 4 o'clock in the morning of June 14, station hospital Ft. Rosecrans. Death was due to skull fracture suffered in an accident." The telegram asked what disposition should be made of the remains and said, "The officers and men of this command join me in expressing our sincere sympathy." The wire was signed by Capt. Bailey Skinner, commanding the quartermaster's section.

The soldier was the husband of Carrie Sepulveda, and brother of Mrs. Helen Parker and Ernest Sepulveda, both of Redwood City. He leaves two other brothers, Walter and Manual, the latter of San Francisco.

A native of San Jose, Sepulveda was 43 years old. He was a member of Salinas Lodge, Loyal Order of Moose.

The remains are being shipped to Redwood City and funeral arrangements are being made by Layng & Tinney Funeral Home.

Feinburgs Purchase Hillsborough Home

Dr. and Mrs. Herman Feinburg, who recently sold their Atherton home, have purchased a $23,500 residence at 901 Baileyana Rd., Hillsborough, according to a deed recorded today at request of San Mateo County Title Co.

Civil Service Wins $500 Appropriation

San Mateo County Board of Supervisors has voted an additional $500 to the civil service commission for maintenance and operation for the remainder of the fiscal year.

The request was made by George T. Stevens, secretary, who pointed out the commission would have a $500 deficit by July 1 without the appropriation.

The civil service commission had been granted $3000 for its operation from January to July 1, $1000 of which was for salaries and $2000 for maintenance and operation. Stevens declared the commission had a balance of $989, but a bill from the California State Personnel Board for contract services rendered for $1217.63; outstanding mileage and travel expenses of $130, and office expenditures for June of $141.37 made a deficit.

The appropriation was made from the unbudgeted reserve.

COMMITMENT

A commitment was given the federal government by the supervisors declaring that 17 acres at San Mateo Point adjacent to the San Mateo Maritime Academy will be used for park and recreational purposes only as long as the school is in operation. Nine acres are being purchased by the government.

An ordinance was passed changing the date of payment of salaries to county employes from the first of each month to the last working day of each month. Supervisors explained this was done so that all salaries are paid before the end of the fiscal year (before July 1).

HEARING JUNE 22

June 22 was set as the date for a public hearing on the budget for the next fiscal year.

It was voted to hold a hearing July 20 on realignment of Willow Rd. from Dumbarton bridgehead to Middlefield Rd., and for extension of the road from Middlefield Rd. to El Camino Real.

Andrew J. Spinas, superintendent of public schools in Redwood City, was appointed to the county traffic safety commission, replacing Fred Crumb, who has moved to Riverside.

OBSERVERS: Menlo Park To Have Recognition School

One of the Fourth Fighter Command's new aircraft recognition schools will be established in Menlo Park under the direction of C. L. Sleeper, 861 Harvard Ave., who has been taking a special army course in the subject at Berkeley. Dates will be announced later.

A letter from Maj. G. V. Underwood, wing ground observer officer of the Fouth Fighter Command, to Harold Bishop, chief observer for the Menlo Park observation post, stresses the "essential need for training all persons involved in offensive and defensive operations so they will be able to recognize and identify aircraft in flight."

He refers to the Army Air Forces Ground Observer Corps as "an essential instrument in active air defense" and praises "the splendid manner" in which the Menlo Park observers have performed their task.

Ability on the part of observers to recognize aircraft, Major Underwood declares, "has tremendous possibilities for improving the aircraft warning service." The new training, he adds, will in no way alter the established flash message reporting procedure.

Army textbooks, silhouettes and photographs of import and airplanes, motion pictures and other material will be used in the new recognition school.

S.M. County Costs Show Increase

Per capita spending by San Mateo County government was $22.04 for 1941-42, somewhat above the $21.78 expenditure for 1940-41 and 36 per cent more than the $16.23 expenditure per person in the county for 1935-36, California Taxpayers' Assn. stated today, making public its study of county per capita costs. These figures cover all spending by the county, including receipts from state and federal grants and subventions; they do not include city, school and other district expenditures.

Biggest share of county spending goes for charities and corrections, with $8.33 spent in 1941-42, the association found. In

WE WILL PAY YOU $100 PER MONTH AND TEACH YOU AIRCRAFT DRAFTING

Consolidated Vultee Aircraft Corporation plays an important part in the production of vital aircraft for our Fighting Forces. This effort to maintain production must be supported by an adequate supply of manpower. There is a serious shortage of Aircraft Draftsmen which may dangerously interfere with this production of airplanes for our Army and Navy. To relieve this shortage, we have arranged with Stanford University, Palo Alto, California, to conduct classes so that men and women may be trained for this important work.

To make it convenient for you to take this course, classes will be conducted at Stanford University, E.S.M.W.T. Office, Palo Alto, California, from 8:00 a.m. to 4:30 p.m. daily, Mondays through Fridays.

The instructors are Consolidated Vultee Engineers who have been designing the famous Liberator, Catalina and Coronado airplanes. There are many opportunities for advancement and increased earnings.

Persons in Nonessential Industries This Is Your Opportunity

We know there are many men and women who have been anxious to help in the war effort who could not work in a factory or qualify for an office position. This specialized course will give them the opportunity to do essential war work, get valuable training and at the same time start earning a good salary.

These tuition-free courses are sponsored by the U. S. Office of Education, Washington, D. C. You must be 18 years old, a high school graduate, and a United States citizen, or meet all legal requirements if you are an alien. We will not accept anyone who is now employed in an essential war industry, agriculture, dairy, poultry, nonferrous metal, or lumber. Classes are open to **both men and women.** Two or more friends who want to join the same class may do so.

Application for this training may be made through the War Training Office, Stanford University, Palo Alto, California. The new classes start June 21, 1943. Personal interviews will be conducted at Stanford University. Don't delay—Phone 9411 in Palo Alto—Locals 324 or 507, or send the coupon for more information today.

M.P. Conducts Safety Drive

A safety drive to keep vehicles from crossing the double white line on El Camino Real has been started by the Menlo Park Police Dept. Thomas Kearney, chief of police, said 12 arrests were made last week.

Instructions to issue tags to all violators of Section 526 C of the state vehicle code has been issued to all officers. This section pertains to drivers of vehicles who cross the double white line on the state highway.

Violators are being fined.

Oakland Woman Buys Hilisborough Home

Grace I. Bates of Oakland has purchased the Walter A. Burke home at 950 Balleyana Rd., Hillsborough, for $20,000 according to a deed recorded at request of San Mateo County Title Co.

Mrs. Bates is the wife of Richard Bates of Bates Prefabricated Structures, Tribune Tower, Oakland.

PORT: Commissioners Call For Bids on Wharf Addition

Bids were called for today for construction of an addition to the present wharf at the Port of Redwood City. Cost of the construction of an area approximately 43½ feet in width and 132 feet in length probably will be between $9000 and $10,000, Edmund Scott, chairman of the port commissioners, said.

The addition will increase the capacity of the port to handle cargo and will also increase storage space, it was pointed out.

Purchase of two parcels of land for $8100 was authorized by the port commissioners at this week's meeting. The parcels are approximately 2½ acres each, Scott stated. The land has been in use by the port, which has had an option to buy it. Railroad tracks and Pacific Bridge Co. facilities are located on the property.

Small Boys Blamed For Grass Fires

Two small boys playing with matches were blamed today for a small grass fire which Sunday covered a quarter-acre at Third Ave. and Fair Oaks Ln., North Fair Oaks. Neighbors with garden hoses stopped the blaze from damaging nearby fruit trees until the county fire department arrived.

Liebmann Estate Goes to Widow

Maurice Liebmann, 82, retired wholesale shoe dealer who died in Hillsborough May 28, left an estate valued in excess of $10,000 entirely to his widow, Dora May Liebmann, according to a will on file in superior court here today.

Mr. Liebmann's will was dated Apr. 5, 1943. The Liebmann home is at 804 Vista Rd., Hillsborough.

Gliders are generally of wood frame construction.

FROM LITTLE ACORNS

BLOOD DONORS: Red Cross To Move Headquarters For Receiving Donations

Red Cross blood donor headquarters are being moved from the Congregational Church to the First Methodist Church at Brewster and Broadway, Mrs. William A. Baxter, publicity chairman for the Red Cross, announced today.

Donors will go to the new quarters on June 26, next date for the mobile unit service. Only reason for the move is the need of more space so that three extra beds may be set up, Mrs. Baxter said. The Congregational Church has been used as a center for the service since it was established here a year ago last month. During that time, 1481 pints of blood have been donated.

Mrs. Lawrence J. Steinhardt, new blood donor chairman, said 24 servicemen from the San Carlos war dog reception center gave blood on June 11 and that 60 men expect to come from the center June 26.

One hundred twenty donors can be handled each time the mobile unit comes here, Mrs. Steinhardt said, and urged that donors register now for the two July dates, first of which will be July 10.

The need for new first-time contributors is still great, she said. Mrs. Steinhardt praised the servicemen for their donations and the Menlo Park fire district which sends donors each time, she said, as well as the Menlo Park police who also have been regular donors.

Mills Hospital Named in Suit

A suit for $20,000 damages was filed against Mills Memorial Hospital in San Mateo in superior court at Redwood City by a 78-year-old woman who declared she went to the hospital to have a cardiograph taken and incurred injuries when she fell from a table.

The complaint alleges that Edward Rohan took his wife, Mrs. Mary Rohan, to Mills Hospital on Dec. 23, 1942, and that after the cardiograph was taken, attendants left Mrs. Rohan unattended and "negligently failed to assist or aid plaintiff from the table."

Mrs. Rohan sustained a fracture of the left arm and left hip when she fell. The Rohans ask $20,000 damages and $929.48 expenses.

Named in the suit besides the hospital were "Jane Doe" O'Neil and "John Doe" Benehoven.

2-Alarm Fire Damages Garage

A two alarm fire which broke out at 7:26 Saturday night at Paulson's garage, Main and Buckeye, resulted in damage estimated at $1000, Fire Chief Mark Ryan, said today.

The fire started under the floor, where welders had been working, a few minutes after the shop had been closed for the night, Ryan said. Five trucks were called to help put out the blaze. Ten cars, parked in the building, were rolled to safety by regular firemen and auxiliary firemen, who also responded to the call.

Damage was confined mainly to the floor of the garage.

Fire Chief Ryan commended the auxiliary firemen for their help.

Prior to the war, India raised the most cattle; China, the most hogs; Australia, the most sheep.

Four Ask Annulments

Four San Mateo County wives appealed to superior court here Wednesday to dissolve their marriages by the annulment route because of alleged frauds practised by their husbands.

Betty Jane Wolf, who married Walter R. Wolf at Virginia City, Nev., Aug. 30, 1941, told Judge Maxwell McNutt her husband refused to allow her to bear children. Her annulment was granted forthwith.

Frances Nielsen sued Emery Nielsen, for annulment, claiming that he defrauded her into marrying him a second time—just to keep her from marrying someone else. Her complaint said they were divorced in 1937, but that he induced her to accompany him to Reno on New Year's Day, 1941. Later, the complaint said, he told her it was just to prevent her contemplated marriage to another.

Hazel Marie Pitts asked that her "marriage ceremony" Sept. 20, 1940, in Rockwell, Tex., to Robert E. Click be annulled because of an error. She discovered that she was already married to one John R. Pitts, that he was still living and that the prior marriage had not been dissolved. She said she was ignorant of the fact and married Click in good faith. They separated Apr. 5, 1943.

Kathleen F. Law, who married Frank E. Law Oct. 16, 1942, at San Jose, asked annulment on the grounds that he told her he merely married her to obtain a housekeeper, then abandoned her Apr. 4, 1943.

Homemakers' Guide

Around the table with a pound of meat

It's quite a trick to make a pound of meat go all around the table and satisfy all the appetites. However, it's been done for generations in foreign countries, and some of the creations have become masterpieces of the culinary world. The secret, of course, is to use the meat in tiny pieces, so that the flavor is distributed throughout the dish. Nutritionally, it's sound practice and one we can well afford to adopt these days.

CHOP SUEY — Cut meat into tiny pieces, brown in hot fat, add sliced celery, onions, shredded cabbage (in lieu of bean sprouts), and seasonings to taste. Add a little water, cover pan and simmer for 15 minutes or until vegetables are tender. Thicken the broth slightly with flour or cornstarch. Serve over steaming, fluffy rice.

CREPES DE BOEUF (French) — Add chopped, cooked beef to pancake batter. Make large, thin pancakes. Spread with butter or substitute, sprinkle with parsley, roll up and serve plain or with gravy or sauce.

NOODLE DELIGHT — Saute small pieces of meat and mix with cooked noodles, cooked green beans or okra, and wedges of fresh tomato. Pour in greased casserole and bake in moderate oven (350° F.) for 15 minutes or until heated through and flavors are blended.

MEAT PIE Dice a pound of meat and prepare as for stew, using several vegetables cut in uniform pieces. Thicken gravy slightly and pour stew into greased casserole. Cover top with pastry or with mashed potato or cornmeal crust. Bake in hot oven (400° F.) for 20 minutes or until well browned.

CREAMED GROUND HAMBURGER — Brown a pound of ground beef or pork and cook until meat separates. Blend in 4 tbsps. flour, add 2½ cups milk and cook until thickened, about 10 minutes. Serve hot over toast, hot biscuits or baked potato.

CHILI CON CARNE — Brown a pound of diced or ground meat with chopped onion. Add 3 cups tomatoes, cooked or fresh, season with chili powder, garlic, salt and pepper and simmer for 15 minutes. Add 3 cups cooked beans, any kind, and heat thoroughly.

VICTORY GOULASH — Brown stew meat, lamb or beef, then cook in water until tender, adding sliced onions, tomato wedges, celery, fresh corn, peas or string beans. Serve with boiled potatoes.

VARY SUMMER EATING WITH SALADS

Timely tips for easy ways to prepare "½ Dozen Plates of Hearty Salads" are given in Julia Lee Wright's article in this week's Family Circle. Get your copy *free* at Safeway. A new issue out every Tuesday.

CAMPERSHIPS: Donations Provide Summer Vacations For Children Needing Them

Did you ever go to summer camp when you were a kid? Do you remember what it was like to wake up in the early morning—the smell of the air—the thrill of looking up through the tall trees into the morning sky—and then the thoughts of griddle cakes! You haven't forgotten because memories like that stay with a man for good.

There is a young lad in this community who has never known such an experience. He has no mother—no father—and he earns his room and board in the home of an elderly widow. He works around the house to earn his keep, has a paper route and does odd jobs in neighbors' gardens for his pin money. He can't afford summer camp. He can dream about it — doesn't every boy? But he cannot hope to realize it—that sort of thing is for the boys with mothers and dads—dads on a steady pay roll—the lucky ones.

This boy has just finished grammar school—he made good grades—he has gone to Sunday school regularly — met his responsibilities. He will work this Summer—and continue working next year in his spare time at high school. He doesn't know much about vacations—but you can help to see that he gets one. Your contribution left at the Tribune office for the Tribune-Lions Club campership fund—may make it possible for that boy to know a new life for two weeks at YMCA or Boy Scout camp. Will you help?

The campership drive ends Saturday. So far the total is only $172. Help raise it to $200 and give 10 boys and girls camperships this Summer.

Rev. Earl D. Carter Retains Pastorate in R.C. Church

Rev. Earl D. Carter was returned as pastor of the First Methodist Church of Redwood City by action of the Northern California-Nevada Conference of the Methodist Church, announcement disclosed. The reappointment was made at the annual convention which closed at Stockton Sunday.

Among resolutions passed Sunday was the declaration by the conference that loyal Japanese-Americans should be released from government relocation camps. Another asked that the manufacture, sale and advertising of liquor be stopped during the war.

Mrs. J. K. Cecil of Palo Alto was elected one of four lay delegates to the conferences.

Rev. Mr. Carter came to the Redwood City church in June, 1942, from a pastorate in Delano, Kern County. Prior to that time he served with the Southern California-Nevada Conference of the Methodist-Episcopal Church, South, in churches at Glendale and in Douglas, Ariz. He is a graduate of the University of Southern California.

Since coming to the church here, Rev. Mr. Carter has been actively affiliated with the Toastmasters Club and the Kiwanis Club. He holds membership elsewhere in the Rotary Club, also. His family consists of Mrs. Carter and three children, Earlene and Ina Marie, students at Lincoln School, and James Robert, aged 5.

Among other appointments of ministers to pastorates and church administrative positions, announced by the conference, were Roy E. Wilson, for two years pastor of the Methodist Church at Porterville, as superintendent of the San Francisco district of the church; C. T. Harwell as pastor at Boulder Creek; John R. Wilkins, to Burlingame for a fourth year; Edwin Bowling, Greenfield; Ralph H. Watkins, Half Moon Bay; Ronald H. White, Millbrae; William B. Johnson, San Bruno; Howard Greenwalt, South San Francisco; Herbert Otwell, College Ave. in Palo Alto; R. Marvin Stuart, First and Wesleyan Foundation, Palo Alto; Ernest Troutner, formerly assistant pastor at Burlingame, to San Francisco-Parkside, and A. J. Case, to San Mateo for a fourth year.

Rev. A. H. Clark, father of Mrs. Kenneth Sanders of 611 Hoover St., Friendly Acres, who was supply pastor in Redwood City from 1924-26 was appointed to the Yerington-Smith Valley, Nev., circuit; Edward Laird Mills, formerly editor of the California Christian Advocate, was assigned to Lovelock, Nev.; Rev. S. J. Chaney, pastor here from 1939-42 was appointed to Los Gatos, and Rev. W. J. Owen, pastor here from 1934-39, was assigned to Visalia again this year.

SAN MATEO: Junior College To Hold Graduation

SAN MATEO—With Dr. Tully C. Knoles, president of the College of the Pacific at Stockton, as the guest speaker, San Mateo Junior College will hold its 21st commencement exercises this morning in the Woodland Theater in Hillsborough. The public is invited to attend the program which opens at 10:30 o'clock and which honors the graduating class drawn from the entire county.

"A Message for This Age" is the topic of the commencement address to be given by Dr. Knoles. Rev. Sidney Buckham of the San Mateo Congregational Church will give the invocation and benediction.

The program will include music from the orchestra and a cappella choir, the traditional processional of faculty and graduates in caps and gowns, the presentation of the class gift, the awarding of honors, scholarships and prizes to outstanding students, the presentation of the graduates by Pres. Charles Morris, and the awarding of diplomas by Col. Charles N. Kirkbride, president of the college board of trustees.

Belmont To Hold Horse Show

BELMONT — The Hospitality House benefit horse show sponsored by the San Mateo County Horsemen's Assn. to be held tomorrow and Sunday at the Green Briar Saddle Club here has brought many entries from the Peninsula, from Salinas to San Francisco and from the East Bay, Committee members said today.

Edward (Ed) Zwierlein of Woodside will be back in his familiar place as announcer, and Harry Daniels of Pleasanton will judge.

Juveniles have everything to themselves tomorrow when 10 classes for entrants under 21 will be shown. Two classes, one for open jumpers and one for horsemanship, will be held for youngsters 14 and under, and one horsemanship class will be strictly for amateurs.

Big event of the 12 classes on Sunday will be the championship class for horsemanship.

The show, net proceeds of which will go into the Belmont Hospitality House fund, will open at 1 o'clock Saturday and again Sunday.

Otters frequently eat only the heads of captured fishes.

Holders Leave Identical Wills

Identical wills of John I. Holder and his wife, Marion Layton Holder, who died in a suicide pact in Burlingame May 14 were filed in superior court here this week.

Mr. and Mrs. Holder were found in their garage at 730 Walnut Ave., Burlingame, where they died of monoxide poisoning from the exhaust of their automobile.

Both of the wills were dated Oct. 4, 1938, and each bore a codicil dated May 13, 1943.

The American Trust Co., named executor of both estates, declared that the wife survived the husband, in which case her estate would receive his estate for administration purposes.

The identical wills provided $1000 for Mary Campbell Case of Whitinsville, Mass., and $500 each for Olive Mays of Brooklyn, N. Y.; Frederick L. K. Babcock of Joliet, Ill., and Margaret Z. Keener of Canton, N. C.

Residue of both estates is to be placed in trust for the San Francisco Round Table and Loyal Knights of the Round Table for the education, support and maintenance of children living at or in custody of the San Francisco Protestant Orphanage Society.

The codicils provided $500 for Corrine Stewart, 17, adopted daughter of the Holders, and made provision for settlement of certain debts.

Colorado is known as the Centennial State.

STANFORD: 28 From Sequoia District Receive Degrees at Graduation Exercises

Twenty-eight persons from the Sequoia High School Dist. received degrees from Stanford University at the 52nd annual commencement at the Laurence Frost Amphitheater.

Menlo Park led with 17 graduates. Redwood City had five and Atherton five.

Phyllis R. Barusch of Redwood City received the bachelor of arts degree with great distinction from the School of Humanities. She also was awarded the Pi Delta Phi prize, awarded to the senior student who has done the most outstanding work in French courses at Stanford.

Jack D. Burdick of Menlo Park received a bachelor of arts degree with great distinction from the School of Social Sciences.

Redwood City students receiving degrees from Stanford were Phyllis R. Barusch, Camelia A. Hauck, Frank A. McCaughna, Bernard E. Olsen and Julie J. Frease, bachelor of arts.

Atherton: Harry G. Whelan Jr., Gloria Greenbach, Albert Haas Jr., Mary L. Linsley and Homer Pearce, bachelor of arts.

Menlo Park: Wiliam P. Creger, Russell I. Haag, Miriam M. Philbrick, Robert D. Barker, Thomas N. Canning, Vernon Edler Jr., Edward C. Harkins Jr., Winford M. Jones, Pierino P. Robbiano, Nancy-Nell Needham, David L. Ichelson, Jack D. Burdick, Kenneth A. Johnson, bachelor of arts; Arthur G. Day, Menlo Heights, master of arts; William T. Patterson, master of business administration; Lavone A. Hanna, doctor of education, and Carl H. Rich, doctor of education.

Fellowships went to Albert J. Castro, Robert B. Dean and Frank P. Hungate, Menlo Park, and Stanford law scholarship to Kenneth A. Johnson, Menlo Park.

VFW: Exclude Japanese

Frank DePatta, commander of James Lindsay Wilson Post 2310 of Veterans of Foreign Wars this week was asked to send a telegram to the President of the United States asking for exclusion of all Japanese from the Pacific Coast in an unanimous vote by post members at their regular meeting.

It was also decided to bring before the VFW convention in San Francisco between June 25 and 27 a proposal to circulate a petition asking that California voters be given a chance to vote on exclusion of Japanese on a statewide ballot.

William Henley, adjutant of the local post, spoke Tuesday on the VFW canteen service to boys overseas.

Plans were discussed for the two-day annual picnic to be held July 4 and 5 at Flood Park. The affairs are open to the public and tickets will include dinner and entertainment, DePatta said this morning.

John F. Coteras, junior vice commander, is chairman in charge of the picnic.

Goodwill Pictures Will Be Shown

A preview of two moving pictures showing work of the Goodwill Industries will be shown Thursday evening, June 24, in the Goodwill Industries' assembly room at 986 Howard St., San Francisco, with Fred D. Parr of Palo Alto, president of the board of directors, presiding.

AIR OBSERVERS: Class To Teach Plane Recognition

SAN CARLOS — A. S. Kalenborn will instruct a class in airplane recognition for members of the Belmont observation post next month, C. A. Phelan, chief ground observer, announced today. The course will be open to members of the Belmont post, the only requirement being that they have served on the post and that they intend to continue, Phelan said. Others who wish to take the training must join the observation corps immediately in order to qualify, the chief explained.

Selected instructors are already undergoing intensive courses of study at various college and military centers to conduct recognition schools in their own post areas under the Fourth Fighter Command. Text books, silhouettes, photographs of important airplanes, motion pictures will be used.

"Observers of the Belmont post are indeed fortunate in the appointment of Mr. Kalenborn as instructor here," Phelan said. "He is not only a skilled engineer but his knowledge of educational methods acquired as an instructor at Stanford University assures an interesting, concise and instructive course in aircraft recognition and ground observer corps technique."

Because of confidential matter discussed, observers attending the July classes will be required to present aircraft warning service membership cards. Phelan, who may be reached at his home at 924 Woodland Ave., said he would issue cards to present members who have not been sworn in, and accept applications for membership in the corps.

American citizens living in the vicinity of Hillsdale, Belmont, San Carlos and Redwood City who can devote two hours a week or more to this branch of defense work are eligible to apply for membership. Day watches are usually manned by women and night watches by men or by husband and wife teams, the chief observer said.

15 Leave In Draft

Fifteen men from Redwood City-San Carlos-Belmont Selective Service Board 106 who last week passed their final physical examinations for the army have completed their seven-day furloughs and left this week for Monterey.

Among those leaving is Frank Ontiveros, who was freed of charges of murdering his wife when the district attorney's office acked that charges be dismissed.

Next induction date is July 17. Selectees in the next draft will get 14-day furloughs instead of seven, selective service officials have announced.

Leaving today were Robert H. Twigg, Harry J. Van Horne, Joseph Marino, Stanley G. Karney, James Rudonick, August Fridolin, Herbert M. Eitner, Roy W. Brown, Warren S. Allen, Merriwell Hodapp, Fred M. Simon, Darold E. Kuhl, Judson W. Mak, Ontiveros and Gerold R. Miller.

Basque whalemen are believed to have fished in Newfoundland waters in the 14th century.

TEST: Some Flaws Appear

Civilian defense in Redwood City has developed from hit-and-miss operation to a more polished organization in a few short months, comments of official observers after Tuesday night's citywide incident drill indicated.

Observers credited the improvement to the regularity of drills. During the 12 incidents Tuesday, all services carried their demonstrations to completion. A few slips were made, but for the most part observers were complimentary in their remarks. Equipment was dispatched by Control Center 2.

The CD workers looked efficient in their new white helmets (which some of the wearers said got heavy before the evening was over), and with arm bands and other insignia.

The schedule of incidents was announced ahead of time so interested persons not connected with civilian defense could view the demonstrations. The CD workers thereby also knew what incidents were coming up and when, possibly accounting for some of the speed with which the demonstrations were carried out.

At Foresters' Hall at 7:40 disaster was supposed to have struck in the form of bombs which wrecked streets and utilities, set the building afire and laid two casualties low with critical injuries.

Promptly at 7:41 a big fire truck lumbered past the building, returning from another incident, with the crew oblivious to the make-believe fire and bomb crater before its eyes. It continued its peaceful way to the firehouse, a block away.

The wardens appeared at 7:42 and leisurely walked to prepared positions where they blocked off traffic. All damaged streets appeared to have been blocked by 7:45 p.m.

A ladder truck arrived at 7:46, but was forced to detour around the block because of bomb craters and damaged water mains. At 7:49 the big truck drove up in front of the hall and firemen in gas masks—although the incident did not call for gas—raised ladders to the roof.

The police arrived at 7:50, simultaneously with the fire chief. An auxiliary fire truck drove through a blocked street, over a crater, and direct to a hydrant. It had the first hose line to the fire at 7:53, 13 minutes after the alarm. A second auxiliary fire truck arrived by approved route at 7:54, and a third fire truck arrived at 7:55. By 7:58 there were four hose lines to the fire, three of them up ladders.

An ambulance arrived at 7:54, administered first aid to two casualties, loaded them on their vehicle and departed at 8:12.

The fire department loaded up its equipment and returned to service at 8:07.

At an incident at Marshall and Arguello Sts., a station wagon-ambulance drove up to Broadway and Arguello St., stopped, and left without any casualties. Later it was learned the warden there said there were no casualties, so the ambulance crew drove away without making a search for victims, who were a half-block away, where they were supposed to be. Al Russell, chief of first aid service, arrived seven minutes later, learned that casualties had not been treated, and called another ambulance, which arrived four minutes later.

Four air raid wardens directed traffic around the incident. Five auxiliary and one regular firemen arrived on the pumper, were informed the nearby hydrant was out, so they laid hose to a hydrant a block away. Eight more firemen arrived a minute later and laid hose to a hydrant two blocks away. A third truck, a pumper, arrived three minutes later with four auxiliary and one regular firemen. Two police cars with auxiliary and regular policemen were on the scene. Fire Chief Mark E. Ryan and Police Chief C. L. Collins were permitted to drive through lines into exploded area.

Greyhound bus drivers were complimented by observers at incidents at Nevada St. and on Hillview for the way in which they handled evacuees. An observer at Nevada St. said the busses were loaded in one minute. Two busses arrived at the incident at Hillview between Hopkins and Whipple Aves. One backed around and up to a lawn, loaded up 19 small children, 9 youths and 10 adults; the other bus was sent around the block to the opposite end of Hillview, where it loaded evacuees. Both busses were loaded up and on their way to the evacuation center at Sequoia High School in about two minutes.

An observer praised the work of the Red Cross at the evacuation center for the way the members took care of the evacuees.

Warden Frank Louda led a group of "homeless people," ranging from small children to an eldery couple, onto the lawn of his house, during the incident on Hillview. Evacuees from the opposite end of the block were treated similarly.

Observers at other incidents gave similar comments to those listed above.

Ice Follies Open in S.F.

New and delightful, a completely different edition of the Ice Follies will be presented by the Shipstads and Johnson at Winterland in San Francisco, for a limited engagement starting this week.

Ice Follies includes 28 separate acts, 11 of which are elaborate production sequences. Special attention has been given in the current edition to bringing together separate elements and building them around a unified idea. The result is a streamlined, rapid-fire version of a musical revue on ice that would have warmed the heart of Flo Ziegfeld.

Larger in scope than any event in either the show or the sports world, Ice Follies will bring here a cast of 120 skaters.

Not only is the blade troupe larger, but the Shipstad Brothers and Johnson have added a number of new artists to the roster of stars to be seen here. New in the feminine contingent are Norah McCarthy, Canadian and North American women's senior champion, recently turned professional to join the Ice Follies, and pert, blonde Betty Atkinson, a finished acrobatic skater who was recruited from the ranks of Broadway musical comedy.

The new faces in the cast do not mean that the old favorites are missing. Still captivating the rink fans will be Shipstad and Johnson, Frick and Frack, Bess Ehrhardt, Heinie Brock, Ruby and Bobby Maxson, Roy Shipstad, Colson and Claudet—all in new routines, and, in all, 30 top-flight stars.

COMES CLEAN

Try this on your meat grinder. When stubborn particles of meat and vegetables stick to the inside of the grinder, run a small piece of dry bread through the grinder. The bread acts as a chaser, and saves considerable elbow grease in the dishpan.

PUBLIC NOTICE

Crist & Beene, Attys.

Sisters Graduate In Commencement Exercises

WOODSIDE—There were two "sweet girl graduates" in the Leland John family this June. Miss Lucille John, elder daughter, received her diploma in medical-dental nursing from Lux College, San Francisco, June 6. A party of relatives and friends went to the city for the exercises and for an evening of festivities following.

Miss Ruth John, younger daughter, was a member of the June class, 1943, of Sequoia High School. Following the graduation she entertained a party of young people at her home at an informal reception before the group attended the senior class dance at Beresford Country Club.

★ ★ ★

SERVICES CONTINUE

Services at the Woodside Congregational Church will continue uninterrupted through the month of June, but beginning July 1, Dr. Burton M. Palmer, pastor of the church, will be vacationing and there will be no regular service at the local church. The June meeting of the Addie Tripp Guild is set for June 29 and will be a picnic luncheon in the Redwood Grove of the Fred Mighall home, beginning at noon that day.

RED CROSS GROUP

The workers in the Woodside Red Cross group which meets at the Guild Hall met yesterday at noontime for a pot luck luncheon especially honoring Mrs. H. L. Gallagher of Woodside who has been a faithful participant in the group during the past season and who will leave shortly for a Summer in Canada.

The activities of the local Red Cross will continue through the Summer and anyone who possibly can is urged to attend each Wednesday afternoon at the Guild Hall of the Woodside Church.

News Events Of Pescadero Neighborhood

PESCADERO — Miss Dolores Burns entertained with a shower and buffet dinner Friday to honor Miss Geraldine Quadra, popular young resident of the community, who will become the bride of Bernard Burns Sunday. The party was held at the Burns Ranch.

★ ★ ★

Mr. and Mrs. William Rose spent Sunday evening in Palo Alto and returned home Monday.

Mr. and Mrs. Oliver Gomes and children of Bayshore City spent the week end with Mr. and Mrs. M. P. Gomes here.

★ ★ ★

Mrs. Henry Parry, who was ill in Mills Memorial Hospital for several weeks, is now at home and convalescing satisfactorily.

Woodside Graduating Exercises Honor 7 Students and Principal

WOODSIDE — Last Thursday evening the annual graduation exercises held at the Woodside School marked not only the receipt of elementary diplomas by the seven graduates but the retirement of John D. Gish, principal of the school for the past 22 years. The auditorium was decorated with red and white flowers and the program was opened by the singing of the "Star Spangled Banner," following which Marie and Marjorie Christensen and Carolyn Franklin played a piano trio.

"The Stolen Prince," a playlet done in the Chinese fashion, was given under the direction of Mrs. Anne Loushin. Participants were Gregory Eilerman, Geraldine Newton, Carolyn Franklin, Philip Birkeland, Roberta Allen, David Reck, Dwight Johnson, Bobby Griggs, Harold Nelson, Bobby Bonanfant, Earl Johnson, Ronald Ambrose, Grover Britton and Walter Johnson. A group of songs, "America the Beautiful," "El Manton de Manila," and "All Through the Night" was sung by the school children accompanied by Mrs. G. A. Huebner.

The address of the evening was made by Miss Pansy Jewett Abbott, county superintendent of schools. Oscar E. Blackington of the local board of trustees presented diplomas to these young people: Corrine Davis, Duane Davis, Lu Ella Rae Doyle, Jo Anne Lee, Norman Mathisen, Serio Munari and Marjorie Tesolin. The class pins, gift of the Parent Teacher Assn., were presented to the graduates by Mrs. E. J. Bonanfant.

A reception, with the serving of refreshments, was held at the close of the program, honoring the graduating class and Mr. Gish. Mementos of the occasion were the particularly attractive program folders, each having an actual photograph of the Woodside School.

Sequoia Attendance Expected To Hold Up

Attendance at Sequoia High School apparently will hold up despite the call of war jobs and actual war service when school begins again next Fall, in the opinion of A. C. Argo, superintendent.

Registration during 1941 and 1942 was 2120 and this year was 2077. While 372 graduated last Friday, including 29 students who had finished last January and 343 June graduates, 500 new freshmen are expected to enter Sequoia in the Autumn, Argo said.
